Congratulations to our 16 representatives who performed so very well at Starstruck 2011. They were fine ambassadors for our school and they performed brilliantly. Students cannot participate in this activity without the commitment of the families involved!! Special thanks to Mrs Vicki Vogtmann for costumes and to the parents who transported the students for rehearsals and performances!!

Congratulations to the following students who have joined the growing list of students who have met the challenge of reading the required number of books.

We always aim for 100% completion and to date 70 students have helped us on the way. Students have until the end of August so there is still time. Students may borrow extra books over the July break if they wish to catch up.

Mrs Ruth Higginbottom**Teacher Librarian****Year Two**

Year 2 have had a great week. We finished reading lots of books to finish off the Premier's Reading Challenge. Most of the class has been doing an awesome job with their home readers and the wall chart is looking really good. We even have some students who have read all of our new home readers. Year 2 had a really great time at the athletics carnival and they have used the experience to write a recount. The last two weeks we have been focusing on learning and using contractions. In Maths Year 2 have been very clever. We have been practicing our doubles and friends of ten, so be sure to ask them to show you their skills at this. We have also been revising the jump strategy and split strategy to add two digit numbers. The bridging strategy has been challenging and only yesterday I was hearing 'I get it, now' while they were working in peers groups. Our next challenge is to show understanding by completing working out on a number line. The class has also been working especially hard on learning a poem called 'Eyes'.
